Dear Commissioners:

**APPROVE THE COMMUNITY DEVELOPMENT COMMISSION AND
HOUSING AUTHORITY FISCAL YEAR 2003-2004 BUDGETS (ALL DISTRICTS)
(3 Vote)**

**IT IS RECOMMENDED THAT THE BOARD OF COMMISSIONERS OF THE
COMMUNITY DEVELOPMENT COMMISSION OF THE COUNTY OF LOS ANGELES:**

1. Adopt and instruct the Chair to sign the Resolution approving the \$333,377,200 Fiscal Year 2003-2004 budget, which includes \$94,238,600 in Community Development Commission funding and \$239,138,600 in Housing Authority funding.
2. Adopt and instruct the Chair to sign the Resolution authorizing the advance of a total of \$686,636 from the Community Development Commission's general fund into four special project fund accounts to provide for eligible redevelopment activities.

3. Determine that the use of \$35,581 for planning and administrative expenses charged to the Low and Moderate Income Housing Fund is necessary for the production, improvement, or preservation of low- and moderate-income housing.
4. Instruct the Executive Director of the Commission to implement the budget, and to take all related actions, including the execution of all required documents, for the purposes described herein.

IT IS RECOMMENDED THAT THE BOARD OF COMMISSIONERS OF THE HOUSING AUTHORITY OF THE COUNTY OF LOS ANGELES:

1. Adopt and instruct the Chair to sign the Resolution approving the \$239,138,600 Fiscal Year 2003-2004 budget of the Housing Authority.
2. Instruct the Chair to sign Federal Form 52574, as required by the U.S. Department of Housing and Urban Development (HUD), to certify approval of the Housing Authority's operating budget.
3. Authorize the Executive Director to incorporate into the Housing Authority's Fiscal Year 2002-2003 budget an additional \$15,000,000 in revenues received from HUD due to the 100 percent lease-up rate achieved by the Section 8 Program, to be used for landlord payments.
4. Instruct the Executive Director of the Housing Authority to implement the budget and to take all related actions, including the execution of all required documents, for the purposes described herein.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION:

The purpose of the recommended actions is to establish new fiscal year appropriation authorities for the Commission and the Housing Authority for ongoing and anticipated activities, to approve related actions, and to increase the Housing Authority's current year budget.

FISCAL IMPACT/FINANCING:

The Commission's budget includes \$794,000 in County general funds, which the Chief Administrative Officer is recommending to support the Office of Small Business and the University of California Cooperative Extension Program. These programs facilitate governmental procurement opportunities for businesses and provide educational programs for housing residents.

Funding for core programs such as the Community Development Block Grant (CDBG), HOME Investment Partnerships Program (HOME), Conventional Public Housing, and Section 8 Program will remain relatively stable, despite recent federal regulatory and legislative changes, which may impact these programs in the future. The Commission and Housing Authority continue to seek other sources of revenue to respond to the changing needs in the County and to mitigate any future reductions in federal funding.

For Fiscal Year 2003-2004, the Commission budget will be \$94,238,600 and the Housing Authority budget will be \$239,138,600. The budgets consist primarily of federal funding received for housing and community development programs provided by HUD. Other federal revenue sources include the Economic Development Administration (EDA) and the Federal Aviation Administration (FAA). Local revenue sources consist of public housing dwelling rental income and redevelopment tax increment funds, including those administered on behalf of the City of Industry.

Major Funding Sources

Four major funding sources will support Housing Authority programs during Fiscal Year 2003-2004. Section 8 Program subsidies are budgeted at \$175.8 million. Conventional Public Housing Program operating subsidies are budgeted at \$6 million, and rent revenues are budgeted at \$10.2 million. Public housing modernization will have \$14.5 million in funding available.

A total of \$5.2 million in general funds and reserves are budgeted for Fiscal Year 2003-2004. Housing Authority funding consists of \$1.5 million in general funds and \$2.7 million in reserves. Commission funding consists of \$.8 million in general funds and \$.2 million in reserves. These funds will be used for high priority County initiatives that require additional funding, such as affordable housing construction and supportive services promoting self-sufficiency for families participating in Housing Authority programs.

Three major funding sources will support Commission programs during Fiscal Year 2003-2004. The 2003-2004 federal entitlement for the CDBG Program is comprised of the following amounts: \$37.2 million in Twenty-ninth Program Year funds (July 1, 2003 to June

30, 2004); \$481,000 in CDBG funds received as a joint applicant with the City of Cerritos; and \$264,041 in reallocated funds. These funds, combined with \$19.8 million in carryover funds and \$4 million in projected program income, total \$61.7 million in CDBG funds that will be used by the Housing Authority, the Commission, 48 participating cities, 8 County departments and 76 community-based organizations.

In conjunction with CDBG, the HOME and City of Industry programs will support housing development activities. HOME is budgeted at \$14.1 million for loans to developers, single and multi-family rehabilitation, and the first time homebuyers program. City of Industry Redevelopment Housing Set Aside funds are budgeted at \$19.4 million to finance Countywide housing development. To date, a total of \$80 million has been awarded, which has leveraged approximately \$438.7 million to create 4,175 units of affordable rental, homeownership and special needs housing units within a 15-mile radius of the City of Industry. On March 18, 2003, your Board approved the sixth allocation of Industry funds for the development of multi-family, senior and special needs housing.

Finally, an additional \$15,000,000 in budget authority is being requested for incorporation into the Fiscal Year 2002-2003 Housing Authority budget due to a 100 percent lease-up in the Section 8 Program. The successful lease-up yielded additional revenue from HUD, which will be used for landlord payments and to provide for increases in the program's Fair Market Rents.

STAFFING:

The Fiscal Year 2003-2004 budgets include an increase of 10 regular positions due to the conversion of contract to regular positions.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS:

In January 2001, the Commission and Housing Authority, with the concurrence of the County Auditor-Controller, developed an administrative policy for establishing a capital budget. Fiscal Year 2003-2004 marks the third year the Commission and Housing Authority will each be submitting a capital budget that details ongoing and future projects. The Fiscal Year 2003-2004 operating budgets include \$6,357,000 in Housing Authority and \$925,000 in Commission capital projects.

On May 27, 2003, your Board approved the 2003-2004 One Year Action Plan, which includes planned usage of CDBG, HOME and Emergency Shelter Grant (ESG) funding by the Commission, the Housing Authority, participating cities, and community based organizations. The 2003-2004 One-Year Action Plan was created with citizen input, as required by federal regulations. The recommendations approved by your Board are

reflected in the Fiscal Year 2003-2004 budgets, which are being presented for approval at this time.

Adoption of the attached Resolutions approving the Fiscal Year 2003-2004 budgets are necessary to establish new fiscal year appropriation authorities for the Commission and the Housing Authority, to receive funding and to comply with Federal Notice 94-66 (Public Housing Authority) from HUD's Office of Public and Indian Housing issued September 21, 1994. HUD Form 52574 must also be approved by your Board to certify approval of the Housing Authority's operating budget. In addition, the Board must adopt the Resolution to advance funds from the general fund of the Commission to the special funds established for redevelopment projects of the County to provide for redevelopment activities. Finally, per the California Health and Safety Code, Section 33334.3, the Board must determine that a portion of tax increment funds set aside for the production, improvement or preservation of low- and moderate-income housing can be used for planning and administrative expenses, and that a total of \$35,581 may be used for this purpose during Fiscal Year 2003-2004.

County Counsel has approved the attached Resolutions as to form. On April 23, 2003, the Housing Commission recommended approval of the Housing Authority Fiscal Year 2003-2004 budget, and related actions.

CONTRACTING PROCESS:

HOME funds are available on a first-come, first-served basis to qualified for-profit and non-profit developers and Community Housing Development Organizations through an ongoing, open RFP process that provides funding for housing development. Projects are selected to maximize the impact of HOME funds based on viability, financial feasibility, and appropriateness to geographic location and community need. Funds are also available on a first-come, first-served basis to qualifying homebuyers and owners of single-and multi-family housing in need of rehabilitation.

City of Industry Redevelopment Housing Set Aside funds are also allocated to developers through a competitive ongoing RFP process. These funds are used to develop multi-family rental, senior rental, affordable for-sale and special needs housing.

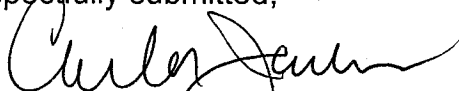

The award of CDBG funds to nonprofit agencies are allocated by each of the five Supervisorial Districts to conduct projects that address housing and community development needs of the County. No RFP process is conducted.
